NORTH ANDOVER HIGH SCHOOL CLASS OF 1995

DEDICATION

The Class of 1995 would like to dedicate this yearbook to Mr. Gerry Sanford and Mrs. Pat Parent, our class advisors, and to all of the caring parents who made our years at the high school a wonderful experience.

For four years, Mr. Sanford and Mrs. Parent have given us their time and effort to make fundraisers, dances, and proms possible. Not only did they organize, arrange, and chaperone, but they left us with gifts far more important. With their humor and kindness, they have made all of our activities more enjoyable, always concerned for our best interests. They were our teachers and they have also become our friends. We thank them for their valuable contributions to our class.

We would also like to thank our parents who have guided us through the challenging times of high school and have given us life, love, and knowledge. You have helped us to grow and flourish with encouragement and support.

In the future, as we look back on our days at North Andover High School, our memories will be fond ones because you cared and gave of yourselves. The Class of 1995 extends its undying gratitude to all of you.

..... May I always desire more than I can accomplish

Marc Sweeney's desk just collapsed on him in Spanish class and he got stuck in it.

Lesley Carvalho straddled a girl in the middle of a field hockey game because she wouldn't move.

The Dupuis twins were shy around guys.

Mrs. McCaig's biology class, the guys threw chicken on the ceiling and it stuck there.

When Dalz wasn't the toughest kid in North Andover.

Erin McCarthy asked the Anatomy class "Why do people sneeze in the shower?"

Mrs. Kyte kicked the bucket in Mr. McGowan's sophomore geometry class.

Someone poisoned the daphnia in Mr. O'Neill's freshman biology class.

When we were just freshman.

The Soccer team beat Masco 3-1.

Do You Remember When?

Pearl Jam came to the Boston Garden.

Yvette Frazier hit Marc Lacolla's car in Harrison's parking lot.

Will Thompson made a scene at the Cross Country meet in 1992.

Kim Festa lost a wrestling match to Jeff Martineau in a puddle at Harrison's.

Dave Janco put a pair of tweezers in the electrical socket in biology class.

Sean Daley broke Rory's railing.

John Routhier threw Kim Festa's Markie Mark tape in the woods.

Marcie Hatch wet her pants after Sarah Morin went down the Super Slide before school.

The Scarlet Knight Football team went to the SUPER BOWL.

MOST EMBARRASSING MOMENTS

Andrea Fargen

Having the entire school know that I called Marc Lacolla a stallion.

Kim Festa

At a girls basketball game, I put the ball through the other team's hoop, but it took me three tries and my team mates kept yelling "wrong way."

Kim Lipomi

Bawling at the St. Patrick's Day dance in '94.

Rob Tronic

MOST EMBARRASSING MOMENTS

When we were chased down a very quiet hallway in the English area by Ms. Matasso, and we were laughing hysterically.

Lesley Carvalho & Sarah Morin

Walking down the hall with my skirt caught in my nylons.

Allison Mader

When I overslept for a track meet and the bus came to my house and woke me up.

Christine Brown

When a certain person jumped up on the table during American Thought class and pretended to be a prostitute.

1994 / 1995

world beat™

In the wake of the 1994 Los Angeles earthquake and the southern California wildfires of 1993, California experiences more natural disasters in January 1995 when rainstorms cause flooding that kills 11 people and leaves 3,000 others homeless. Flooding is so high in Santa Barbara, fun-seeking teenagers dive off a freeway overpass into 15 feet of water. President Clinton declares 34 counties federal disaster areas.

In 1994, the U.S. registers a one-year population growth of 2.7 million. One-third of the increase is due to immigration, the largest such influx since 1914.

Author and humanities professor, Ralph Ellison, dies at age 80. His 1952 novel, *Invisible Man*, has been called the most powerful novel written about alienation, identity, and racism in America.

A huge increase in killings by 14- to 24-year-olds raises the nation's homicide rate, while violence blamed on preteens rocks communities nationwide. A boy, 13, is sentenced to life for strangling a four-year-old. In Chicago, an 11-year-old boy kills a 14-year-old girl and is then executed by his own gang. In Washington state a pair of 12-year-olds shoot a migrant worker.

FLASH

The death of Jacqueline Kennedy Onassis in May 1994 marks the end of an era, a time when America was prosperous, fighting for civil rights, and heading for the moon. The former first lady is buried next to her husband, President John F. Kennedy, in Arlington National Cemetery, Washington, D.C.

Called the Republican revolution, November mid-term elections put the Republican party and its anti-big government platform in control of Congress for the first time in 40 years. Georgia's Newt Gingrich, author of the GOP's "Contract with America," is the new Speaker of the House.

Heat, drought, and lightning combine to set Western states ablaze in late June and July. Fires consume 2,000 acres in Colorado's South Canyon when 50 mile-an-hour winds whip the flames into a firestorm, killing 14 specially trained firefighters; 10 men and four women.

Jeffrey Markowitz, Sigma

The volunteers for Silent March bring shoes from every state for one of the quietest demonstrations to ever take place in Washington, D.C. Each empty pair of shoes represents one of the more than 40,000 Americans who have been killed by handguns.

AP/Wide World

The prosecution seeks the death penalty in the case of Susan Smith, who dupes the nation with a frightening tale of the abduction of her two little boys. The community's early support grows quickly to hatred when Smith confesses to murder—she sent her children to their deaths at the bottom of a lake.

Despite powerful National Rifle Association lobby efforts, Congress passes a crime bill banning the sale of 19 types of assault weapons. The Brady Law goes into effect; in one month 23,610 people with criminal records are denied the purchase of a handgun.

The 37th U.S. President, Richard Nixon, dies in April 1994. Nixon was responsible for restoring normal ties with the People's Republic of China following the signing of the Shanghai Communique in 1972.

Rick Phillips, The Janesville Gazette

The U.S. Food and Drug Administration blasts the tobacco company executives at a congressional hearing in March 1994 for denying that nicotine, a drug found in cigarette smoke, is addictive. Tobacco industry workers fear losing their jobs if the FDA succeeds in classifying and restricting cigarettes as a drug.

Weier, Gamma Liaison

The Flint River overflows, washing coffins out of a Georgia cemetery after torrential rains from tropical storm Alberto flood Georgia and the Florida-Alabama panhandle. Thirty-two people die, 40,000 are temporarily homeless, and 10,000 square miles are underwater, causing \$100 million in crop damage.

Former football star O.J. Simpson is charged with the June 12th stabbing death of his ex-wife Nicole and her friend Ronald Goldman, causing a non-stop media avalanche. The sensational case familiarized watchers with spouse abuse, a televised ride in a white Ford Bronco, "Kato" Kaelin, and DNA testing. Simpson faces the jury in January.

A rare white buffalo named Miracle draws crowds to the humble Wisconsin farm where it was born August 20. Native Americans believe the calf is the fulfillment of a Lakota Sioux prophecy. Five hundred years ago, White Buffalo Woman told her people that she would return as a white calf to usher in a new age of harmony between all races of mankind.

President Clinton, with Republican leader Bob Dole, signs legislation implementing the U.S. role in an expanded General Agreement on Tariffs and Trade (GATT), one of the most sweeping trade liberalization pacts in history. The legislation makes the U.S. a member of a new 125-member World Trade Organization. Protectionists worry that GATT may promote world trade but won't sufficiently protect American jobs.

The Secret Service considers restricting public access to the White House after a gunman fires 27 rounds at the building's facade in October. In September, a small Cessna airplane crashes on the South Lawn and comes to rest at the base of the White House below President Clinton's bedroom, killing the pilot.

The U.S. Interior Department moves the bald eagle from its endangered species list to the less critical "threatened" category. The Pacific Northwest's spotted owl is left to fend for itself when in June a federal judge lifts the 1991 injunction that halted logging in the owl's habitat.

The fossil of a previously unknown dinosaur, the 25-foot-long *Cryolophosaurus ellioti*, is found in Antarctica.

Despite a so-called fitness craze, the National Center for Health Statistics confirms the American overabundance of food combined with a sedentary lifestyle is creating an epidemic of obesity. Since 1980, the number of overweight adults has ballooned to one-third of the population, with an alarming increase among children.

Some of the 599 newly revealed secret ingredients major cigarette-makers add to improve taste and texture: beeswax, butter, carrot oil, citronella oil, cocoa shells, corn silk, dandelion root extract, 31 chemicals that start with ethyl, oak chip oil, vinegar, and dimethyltetrahydrobenzofuranone.

Three planets are discovered orbiting a pulsar star 3,000 light-years away in the constellation Virgo. One is the size of the moon and two are three times more massive than Earth; all are rocky worlds without an atmosphere.

NASA's space shuttle mission 64 tests the operations of a Simplified Aid For Extravehicular Activity Rescue (SAFAR) device. Crew member Mark Lee maneuvers successfully outside the Discovery, while Carl Meade photographs him against the background of Earth.

Martin Rodbell and Alfred Gilman are awarded the 1994 Nobel Prize in Physiology or Medicine for developing a model of cell communication that has medical implications from cholera to cancer.

The Food and Drug Administration institutes new food labeling on almost all foods in response to consumer protest against the many misleading claims of food producers. The new readable labels provide realistic serving sizes, list calories from fat, and allow you to compare different nutrient values.

Autostereograms, popularly known as Magic Eye, cause legions of people to stare cross-eyed for long periods of time. Based on a mystery of neurology and 3-D objects, pattern elements fuse into left-eye and right-eye images of a single hidden object which appears to be floating.

Japan's "Love Love Simulation" computer program allows couples to take a non-scientific look at future offspring by digitally combining their own photos to predict a child's appearance.

The century's greatest chemist and antinuclear activist, Linus C. Pauling, winner of the Nobel Prize for Chemistry in 1954 and the Nobel Peace Prize in 1962, dies at the age of 93. His work on DNA laid the foundation for Crick and Watson's discovery of the double helix.

In Ethiopia, anthropologists discover the skull of a human ancestor, *Australopithecus ramidus*, 4.4 million years old. The new species has features midway between apes and humans and promises to provide clues to still earlier evolutionary stages.

Astronomers wait at every major telescope in the world to see the historic cosmic crack-up of the 21 big fragments of Comet Shoemaker-Levy 9 as it smacks into the atmosphere of Jupiter at 134,000 miles an hour. Plumes of fire shoot up hundreds of miles, high enough to become visible to telescopes on Earth.

Internet activity rises sharply as surfers find their way around the information superhighway. Advertisers, rock music reviewers, the world's Voice of America, and others decide it's time to jump on.

NASA publishes a new report supporting the theory that a giant comet hit Earth 65 million years ago and vaporized 100 billion tons of sulphur to create the cloud barrier that froze Earth's atmosphere and killed the dinosaurs.

Acave is found in southern France, full of 300 vivid paintings of woolly-haired rhinos, bears, mammoths, panthers, and owls made about 20,000 years ago. The Stone Age artists also left behind bear skulls, flint knives, footprints, and fireplaces. Experts call it the archaeological find of the century.

One of Lake Superior's enduring mysteries is solved by scientists and marine historians who explore the wreck of the Edmund Fitzgerald, an ore carrier that sank with its crew in a 1975 storm. The ship, overused and in poor condition, was ripped apart by 90-mph winds and 30-foot waves. Most of the 29 crewmen are entombed inside the wreckage, well preserved in the 39° waters.

Along-term study of radial keratotomy finds it generally safe and effective. For the nearsighted, tiny spokelike incisions into the eye improve focusing ability and eliminate the need for eyeglasses. The patient is awake for the procedure.

The non-violent CD-ROM game *Myst* by Cyan, Inc. becomes a best-selling phenomenon, winning legions of devoted fans and spawning imitators. The fantasy-adventure's graphic visuals are hyper-real; the written word is the key to the mystery.

Cutbacks in military spending force the U.S. Navy to reduce its elite 100-dolphin fleet trained for use in sonar research, mine sweeping, and underwater recovery. Too tame to be released in the open sea, the veterans of conflicts from Vietnam to the Persian Gulf retire to aquariums and water parks.

The most popular names for newborns this year are Ashley and Michael.

Young people serve their country by volunteering under a new program called AmeriCorps, where 20,000 people aged 17 and up work with community-based organizations in exchange for \$7,500 plus money toward college tuition or loans.

One percent of the nation's 50 million school-age children learn at home as families seek alternatives to public schools. In a handful of high-tech experiments, kids submit homework by modem, download books and artwork from the Internet, and collaborate on academic projects with other children around the world.

A survey of college kids reveals their favorite sources of sugar and caffeine during all-night studying to be: powdered iced tea, peanut butter mixed with marshmallow cream, baby food, ramen noodles, raw cookie dough, and trail mix made from chocolate chips, graham cracker bits, and mini-marshmallows.

A lively new cafe society centers around the 5,000 gourmet coffee shops which are springing up around the country. To the often young and trendy patrons, the social interaction is just as important as the espresso. Some cafes offer full-time Internet links so patrons can sip and chat with other Internet latte-drinkers.

Yoga, a Hindu system of stretching exercises for well-being, surges in popularity, mostly because the older generation seeks a technique for alleviating stress and finds yoga better than aerobics.

Aerobic boxing, with boxing-style leg and arm work, turns out to be one of the year's hot exercise trends, showing up in workout studios and attracting those who want to work off their aggression by throwing a right and a few jabs.

Besides recycled clothing like license-plate bustiers, bottle-cap jewelry, trash-bag and duct-tape dresses, fashion trends include the schoolgirl look with thigh-highs, and the grunge-turned-beatnik look of long, straight hair and a goatee.

A new survey shows that over 12 million Americans are vegetarians, choosing the no-meat lifestyle because of concern about animal cruelty, cost-efficiency, eco-friendliness and/or improved health and fitness.

The hottest merchandise around is Mighty Morphin Power Rangers, so hot Cabbage Patch dolls pale in comparison. Parents criticize Fox's super-violent TV show, but their kids crave Dragon Daggers, Megazords, and the 4-foot, \$230 battery-powered car. "Go, go, Power Rangers!"

fest

A hot new collectible derives from an old household item. Milk caps, known in some regions as pogs, originally capped the bottles left by the milkman but have now gone funky with colorful printed designs and variations that are traded and used in games.

Although most are forced to settle for Oakley wrap-arounds, stylin' kids, like in-line skaters and urban youth, clamor for Arnet's \$80 Ravens with the silver-chrome frames.

L ed by brash young skate and surf types, two million snowboarders nationwide discover the joy of swooping down slopes on one board instead of two. No hard boots, no poles, no crossed tips, make it easier than skiing. Since their giant frozen wave is a ski hill, snowboarders annoy old-style skiers who want their slopes left undisturbed by shredders.

Nathan Bilow/Allsport

The first generation to ignore colas in favor of fruit drinks, today's young people give Snapple popular cult status. The trend breeds juice wars as Snapple imitators like Fruitopia vie for youth market shares and inundate the airwaves with Generation X-type advertising.

Pope John Paul II authors *Crossing the Threshold of Hope*, a blend of theology, evangelizing and personal reminiscence. It becomes a best-seller in 35 countries.

Jacques Chenet, Gamma/Liaison

Remaining a virgin in the face of peer pressure finds new respect among teens who defend their freedom to forgo sex in a sex-crazy world. The movement is both a demand for real love and a reaction against unwanted pregnancy and health risks, since today one out of four kids are infected with sexually transmitted diseases by the age of 21.

Will and Deni McIntyre/Photo Researchers

It's called "the year of the cottage industry" as more Americans adopt different work arrangements in response to corporate downsizing, either by telecommuting or starting businesses out of their homes.

Kool-Aid makes a cheap hair-dye, an alternative to bleached hair with, say, Prizm Blue added for sheen. The "city fade" shaves the sides of your head and leaves the top longer, and the matted hair look is achieved by leaving the soap in and forgetting to comb.

Reed Williams, Animals/Animals

The designer pets of the year are African pygmy hedgehogs, and some 3,000 find homes with humans. They are gentle, like to be petted, and need a once-a-day feeding of pet food or mealworms. They don't smell and will even eat your roaches.

John Travolta and Samuel L. Jackson star in *Pulp Fiction*, an "extravagantly demented low-life lalapalooza with outlandish twists." The film's plot revolves around a watch, a briefcase, and a large syringe in a darkly humorous scene which reportedly causes a few audience members with needle-phobia to fall out of their seats in revulsion.

John Candy, the large and lovable star of films *Splash*, *Cool Runnings*, *Home Alone*, and many other family favorites, dies at the age of 43. Whether Candy played jerks, slobs or loonies, his natural goodness came shining through.

Iife is like a box of chocolates," says its title character. *Forrest Gump*, starring Tom Hanks, surprises everyone with its popularity, attributed to the audiences' thirst for the film's theme of simple values and good intentions. Fascinating special effects place Gump into real news footage with U.S. presidents.

Every Tuesday night 20 million homes tune in to "Home Improvement," television's No. 1 show, starring comedian Tim Allen as Tim Taylor, the how-to host of "Tool Time," with his wife Jill and three kids. Fans love this funny real-life reflection of middle-class family life.

Comedian Jim Carrey's career is s-s-smokin'. In *The Mask*, Carrey plays shy Stanley Ipkiss, who discovers that a mythical mask can turn him into a very cool green-faced cartoon-like dude. While waiting for sequels to *The Mask* and *Ace Ventura: Pet Detective*, Carrey fans enjoy current hit *Dumb and Dumber*.

With a tried-but-true storyline, the TV show "Me and the Boys," becomes an immediate family favorite, with stand-up comic Steve Harvey playing a widower who's left to raise three lively sons singlehandedly.

Reality-based television programs rule the tube with "Cops," "American Detective," "FBI: The Untold Stories," "Top Cops," and "Rescue 911." "America's Most Wanted" and "Unsolved Mysteries" enlist viewers' help in tracking down fugitives.

Sameless prime-time soap opera "Melrose Place," co-starring Heather Locklear and Grant Show, attracts legions of fans with its silly-sensational plotlines and shallow-but-beautiful characters. Fans even buy the TV show's soundtrack and "MP" clothing.

Tom Cruise bites as the elegantly evil vampire Lestat in the film based on Anne Rice's novel *Interview With the Vampire*. Brad Pitt costars in the story that's been a favorite with millions of readers for twenty years.

Comic Margaret Cho stars in the first all-Asian sitcom "All-American Girl," about a college girl who's not making enough money to move away from home and has to live with her rigidly traditional Korean immigrant parents.

The animals aren't cuddly, but Disney's 32nd animated feature *The Lion King* is still a box-office smash and a sure classic. The story of a young lion, Simba, on the path to maturity combines five Tim Rice/Elton John songs with comedy that leaves audiences roaring. Just say "Hakuna matata," Swahili for "no worries."

Living Single" is hailed as a New York City version of "Designing Women." The comedy is about four women who share a big apartment, and features Kim Fields and rap star Queen Latifah, whose quiet presence and dignity singles her out as a star.

Talented young Claire Danes stars as a savvy 15-year-old confronting adolescent anxieties in the ABC television series "My So-Called Life," which receives critical acclaim. Danes also stars in the movie *Little Women*, with Winona Ryder.

This year's Emmy for best comedy series goes to TV's "Frasier," the story of a radio psychiatrist with a dysfunctional family. Star of the critical and main-stream hit, Kelsey Grammer dedicates his best-actor award to the dog "Eddie" whose off-screen name is Moose.

After his villain in Shakespeare's *Much Ado About Nothing* and his title role in Bertolucci's *Little Buddha*, actor Keanu Reeves buffs up to play an action star in *Speed*, about a bomb and a runaway bus, one of the year's biggest box office hits.

With the first female starship captain, TV's "Star Trek: Voyager" is the newest offshoot of the enduring Star Trek phenomenon, after "Deep Space Nine," "The Next Generation," and this year's full-length feature *Star Trek: Generations*.

Iou Gehrig's last day, Sandy Koufax on the mound, and Jackie Robinson's arrival are all part of the Ken Burns film "Baseball," an 18 1/2-hour historical mini-series on PBS. "Baseball" touches on American issues of race, labor, immigration, the role of women, urban renewal, popular media, and the nature of heroes and mythology.

GYMNASTICS

The 1994-95 Gymnastics team had a very successful season. Through hard work and dedication they were able to break the school record scoring 130.65 against Billerica. They also nearly overcame an undefeated Andover by one point. The team placed 2nd in the Merrimack Valley Conference and was able to advance to sectionals.

Newcomers to the team were Kim Russo, Lindsay Bennett, Jenn Mangano, and Julie Bailey, who contributed tremendously. Melissa Kierstead, Lauren Cammarata, Liz Farren, Erin McCarthy, Stacey Hindman and co-captains Sue Orth, Julie Haddad and Renee Sestito were also valuable assets. The team ended their exciting season 8-3. Good job girls!

We give our thanks to coach Brenda Shea for her support and dedication. We could not have done it without you. Good luck with seasons to come.

Boys Ski Team

The 1995 Boys Ski Team skied their way through another season at Bradford. Lead by Senior Captain Seth Cronin-Wilton the boys finished the season with a record of 8-6. Seth finished 3rd in the league overall and earned a trip to the State Ski Meet. Other strong finishers for the team were Jon Carven, Taki Xenakis, Kevin Delaney, and Derek Jones. The team has already taken out their rollerblades to train for next year.

WRESTLING

The Scarlet Knight Wrestlers took to tradition and had yet another successful year. This team of only 13 men, finished with a 15-3 dual meet record, tied for the Cape Ann League dual meet record, and won the Cape Ann League tournament. Jarrad Lawlor, Jay Winning, Nathan Abel and Brian McLaughlin were all crowned Cape Ann Champs. Brian McLaughlin received outstanding wrestler for the Cape Ann League and Coach David Castricone was selected as Coach of the Year. In the Sectional tournament, Randy Smith and Brian McLaughlin took first in their weight class, Bryce Benson and Nathan Abel took second, Jarrad Lawlor and Jay Winning both came in third and Tyler Cochran and Bryan Perry came in sixth, all earned a trip to the Division II State Tournament. Other fine performances came from the Brown brothers of Mike and David, Matt Routhier, Ben Sirota, and Nick Rauscher. The Knights would like to thank their seniors: Bryce, Randy and Brian for their hard work, the managers: Howard Crozier and Matt Abel for their coaching.

BOYS INDOOR TRACK

The boys indoor track team had a difficult season. Led by T.J McAloon and Fred Tarbox, they had some great times individually. Luis Sanchez had a great season and a great showing in the state meet with a throw of 50" 1 inch. He received second place in the states. T.J McAloon, Josh Giles, Fred Tarbox, John Routhier, Mike Garvin, Darryl Perry, Frank Terramagra, and Nick Saverese also had outstanding seasons.

BAND

The band is a uniquely dedicated and highly talented group of individuals and musicians. They are always ready to take time out "to play for any event in the school or community, from football games and holiday concerts, to Santa or Memorial Day parades.

They are ready to pause "to pray" for such important things as clarinet reeds that don't squeak, more right notes in the trumpet section, and warmer weather at football games.

Furthermore, they are prepared "to pay" for uniform that fit, in hours of rehearsal and practice, and in lost Friday night dates and Saturday morning sleep.

Finally, they are prepared "to stay" in the band, no matter how many players are in the group, how many players are on their part of how hard they need to work. What a group! They have fun, strive for success, pay the price in hard work and are determined to stick with it, sharing in pride the accomplishments of their close-knit musical family.

CHORUS

Chorus is open to all students meeting seventh period. The chorus performs three to four times a year and travels to see broadway shows as an optional part of the curriculum.

THEATRE GUILD

The Theatre Guild had a successful season last year ending a fabulous year with "Once Upon A Mattress." Although senior, Alyssa Hamel didn't get a chance to perform, other seniors Sam Kattar, Erin McDonough, Daniella Murcko, and Jason Tessler pass the torch on to a fine set of entertaining underclassmen.

HEAL

Helping our Earth through Awareness and Love-HEAL's main objective is to make our environment a healthier and better place. We focus on recycling, volunteering, gaining, awareness, trying to make others aware. This year many evenings have been spent serving dinner to the needy. Our philosophy says: "Heal hopes to become education in areas of concern and in turn educate others."

GLEC

The GLEC Leadership program involves six schools (Andover, Greater Lawrence Vocational Tech, Haverhill, Lawrence, Methuen, North Andover). This program's goals are to first develop leadership skills, second to create friendships, communication, understanding and appreciation among schools, and third to identify issues of common concern and bring about an understanding and positive change on those issues. North Andover's eight representatives attend meetings to plan for the March Conference on eating disorders, demeaning relations, and social discrimination.

KNIGHTS-IN-ACTION

Knights-in-Action, a community service activity, experienced a greater participation projects this year under the leadership of senior Shadi Tayarani. Knights began their action with the October Walk-for-Diabetes and continued with community service in a variety of activities. Participation in the "Challenges Unlimited" riding program, sponsored by Ironstone Farm was rewarding, as was the "Dolls for Dolls" effort, which saw our Knights making dolls for children suffering from Aids. Our year of service was rounded out with our participation in the annual "Walk-for-Hunger" observance and the development of a tutorial after school program for elementary students.

Activities

CONNECTIONS

The Connections group is involved with making more connections between teenagers and senior citizens. The group visits area nursing homes after school to hold socials. Through the visits some of the students have made contact with nursing home personnel and have done some extensive volunteer work with seniors. One of the purposes is to help the two age groups become more understanding of each other.

BOURBON RED

Bourbon Red stresses exploration and love of creativity. The staff has been hard at work making this year's literary magazine a success. They have had a great time reviewing the poetry, prose, and artwork of their fellow students at North Andover High. Bourbon Red allows any and all students to submit their expressions in art and writing.

Back Row: L. Simons, D. Lowery, M. Czuprynski, L. Armano Front Row: N. Godin, J. Chines

MATH TEAM

The Math Team allows students with a talent for and love of Math to compete with the best and brightest in the state of an intellectual level. The benefits of such competition have proven to be quick recall, constant review, high SAT scores and Achievement results, top 100 on the MAML Exam and outstanding Atlantic Pacific results.

This year's team is led by seniors Nelly Godin and Jon Chines. During our five meets so far this year we have had between 15 and 25 students participate and our goal is to be invited to the state meet in April.

DANCE COMPANY

The North Andover Dance Company worked together to choreograph many wonderful dances. In the past the Company has performed at the Lip Sync, Pep Rally, Carmen Sandiego Fashion Show Fund Raiser, and created an entire show for the North Andover Middle School. Their hard work and dedication greatly contributed to the success of the Dance Company. Senior presidents Merri Pellerin and Ali Bennett thank the girls for their tremendous effort, unforgettable memories and many laughs. Good Luck next year, Dance Company!

Yearbook

This years staff, led by editor Maura Fitzpatrick, has worked hard to meet all deadlines and make this yearbook unique by adding some new sections. Meghan Connolly, Kim Longueil, and Katie Bruce were instrumental in organizing and collecting over \$5,000 in advertising. This money, combined with book sales, is essential for running the yearbook and meeting our expenses which total around \$20,000. The layout staff was outstanding this year, and did a nice job of including all walks of N.A.H.S. Leslie Carvahlo, Hee Kyu Kim led the way in meeting our deadlines, and were supported by Lisa Amano, Liz Galiano, and Suzanne Dempsey. The yearbook staff is hoping to add a computer and printer for next years use, and some training in publishing software. Thank-you to all our staff who handled the stress of deadlines professionally, we appreciate all of you.

STUDENT COUNCIL

The Student Council worked hard to encourage school spirit, while aiding the community as well. Under the leadership of Mrs. Bassett, President Mike Garvin, Vice-President Rob Tronic, Secretaries Jen Burke, Laura Messier and Haley Mitchell as well as Treasurer Liz Simons and all class officers, the school's involvement increased. The Student Council held a dance, organized the Toys for Tots drive as well as the annual Powder Puff football game. The council also structured the eighth grade "Knight for a Day" program.

The Student Council has had a successful 1994-95 school year with the help of all of the volunteers, officers and members of the council. The time and effort put into each project, resulted in a success.

SADD

Membership in SADD (Students Against Driving Drunk) is open to any student interested in publicizing the message about the danger of drinking and driving. SADD members carried out a variety of informational activities at both the Middle School and the High School to educate students about this important issue. The year's officers were President Carrie Cuscia, Vice-President Theresa Midle and Secretary Haley Mitchell.

KNIGHT LIFE

Knight Life is a weekly page that appears in the North Andover Citizen. It is written by North Andover High School students, and is sponsored by the generosity of the North Andover Citizen, our local newspaper. This year, working with Citizen editor Karen Foretti, student editors Robin Rosing and Shadi Tayarani and the staff, Heather Fowler, Chris Hayes, Theresa Midle, and Nicole Nelson, have concentrated on developing feature themes of interest. Some of these themes were: working while in school, teen-age relationships, the consideration of student drinking, and heterogeneous vs. homogeneous grouping.

MAJOR EVENTS

PEP RALLY '94

The 1994 Pep Rally was a great success! Officers Harold Trombly, Rory Lever, Kim Festa, Jill Nadeau, Alison Ferruolo, Maura Fitzpatrick, and Cindy Robles helped unite the senior class by putting on one of the greatest productions ever. Cast members got together and transformed the gym into a dancing disco straight from the seventies. With the theme being "Saturday Night Fever" the skit took place in a night club called "The Knight Train". The stage came alive as the cast danced to "Stayin Alive", "If You Want My Body", "I Will Survive", and "Play That Funky Music". We would like to thank our advisor, Mr. Paul Spadafore, none of this would have been possible without his help and dedication.

PEP RALLY '94

THEATRE GUILD

This fall, the North Andover High School Theatre Guild took on the great challenge of putting together a Shakespearean comedy. The Guild experienced the privilege and pleasure of working with two actors from Shakespeare and Company, Tom Jaeger and Jayne Ogata, as part of a residency program. In addition to teaching a handful of English classes, Tom and Jayne directed the Guild's production of "A Midsummer Night's Dream," a comedy involving mixed up love and practical jokes, and confusion between the world of mortal humans and that of fairies and creatures.

Working hard for seven weeks, the Guild explored Shakespeare's humor, learned a Medieval dance, and broke through the sometimes intimidating language to find a real grasp on the spirit and meaning of the play. By the middle of November, the actors had become part of the play and knew their characters as they know themselves.

The show opened on the night of Thursday, November 17th, almost selling out the house. Friday's and Saturday's performances arrived with similar crowds and standing ovations, and on Sunday morning, the cast and crew set off early in the morning to put on the show at Berkshire Community College, where Shakespeare and Company held the Fall Festival of Shakespeare with other high school performances.

Ms. DiGianni and Dr. Binkney were instrumental in bringing Shakespeare and Company to the Theatre Guild, and the show could not have succeeded without the help of Dr. Wiltshire, Mr. Toole, and Mr. Gregoire.

To the graduates -

We who are in the business of technological revolutions know also that technology itself does not do away with the need for character in the individual or the ability to think independently.

Today's graduates are the guardians of the future. Some of you will develop the technological advances of tomorrow. Many of you will become not only the source of inspiration for discovery but also the means for development and positioning in the marketplace of those future advances.

So guard the earth's resources well as you journey through your life, because each generation is, in its turn, challenged as well as obliged to pass this inheritance on to the future.

Congratulations to the graduating class of 1995, North Andover High School . . .

. . . from the more than 5,600 award winning* Merrimack Valley employees who design, manufacture, market and service transmission equipment for the worldwide telecommunications network.
